Customer Profile

Major CA educational organization having decades of experience in nurturing young and talented min. The main object behind making this website is to help its members to "TAKE THE NEXT STEP TOWARDS SUCCESS". Success can be achieved by gaining knowledge and as said by Aristotle "All men by nature desire knowledge" and keeping the same thing in mind we present before you www.CaNextStep.com.

CaNextStep.com is an interactive website where the users can interact with each other through Forums on various topics related to Direct and Indirect Taxes, Company Law, Finance, Audit and various other issues. This site basically provides a knowledge sharing platform where different members can interact with each other. The users are encouraged to post their articles and share their knowledge with other users of the website.

Hope you have very pleasant experience and we are able to help you in TAKING THE NEXT STEP TOWARDS SUCCESS.

Major Challenges

The main object behind making this website is to help CANext step members gain knowledge and share knowledge. The idea was to create a platform where both trainer and trainee can interact and communicate.

Solutions

Building an interactive website where the users can interact with each other through Forums on various topics related to Direct and Indirect Taxes, Company Law, Finance, Audit and various other issues.

Each forum contains articles posted by community members which can be read, discussed and commented on for correction if required. This brings a new venture in knowledge sharing where members can gain knowledge as per their convenient time.

We have also integrated social sharing links to promote the articles/posts throughout the community. Moreover, registered members have the option to select their preferred categories based on which they can receive articles in newsletter format scheduled on.
